WELCOME TO YOUR PIECE OF HISTORY

Allow history to create the setting for your own treasured memories.

We offer a piece of England’s maritime history, come and write your own chapter and celebrate your new beginning at the Mary Rose Museum.

The Mary Rose was the pride of Henry VIII’s fleet when she was launched from Portsmouth in 1511. She sank just off the coast some 34 years later while battling the French. The world had to wait 437 years to see her again. Millions watched as this Tudor ship was raised from the Solent in 1982, and now, after many years of hard work, she is situated just metres from where she was built, in Portsmouth Historic Dockyard.

Now experience the magic for yourself in the modern award winning Mary Rose Museum.

We’ll be with you every step of the way to make the experience as easy and enjoyable as possible.
